(MENAFN Editorial) Mumbai, 31st October 2017: WITS Interactive and Black Pepper India (the exhibition design SBU of WITS Interactive) are proud to be associated as exhibition and DesignTech partners with Piramal Group, Glenmark Pharmaceuticals, Mankind Pharma and Alkem Labs at the recently concluded CPhI Worldwide event in Frankfurt, Germany. CPhI is an established pharmaceutical event with over 26 years' experience of bringing together the movers and shakers in pharma. Uniting niche and top buyers and sellers together under one roof in nine event locations around the world, CPhI hosts quality conferences, free seminars, Awards and even pharma community charity expeditions! The CPhI Community is comprised of all job functions throughout the pharma supply chain.

Having been one of the leading players in the exhibition booth design space for almost 12 years now, Black Pepper India was responsible for creating and executing unique and striking designs for its clients at the event which made them stand out amongst the crowd while fulfilling their brand and business objectives. The Black Pepper team has designed and executed the booths at the exhibition with the best communication design ideas has managed to take the brands connect and engagement with their target audience to the next level at the event. Mr. Hitesh Jain, CEO of WITS Interactive & Black Pepper India states Working for brands and partners like the Piramal Group, Glenmark Pharmaceuticals, Mankind Pharma and Alkem Labs is always exciting. While this is not the first time we have designed and executed booths for them for an event, working on a project for CPhI Worldwide is always interesting since it is one of the biggest pharma events globally. This year, we designed and executed 4 unique stalls which not only brought forth the individual brand ethos of each of our client-partners but also helped them project and achieve their business objectives effectively. We are grateful for their continued faith in our capabilities and look forward to working with them on future pharma events, both in India and globally.

About Black Pepper India

Formed as a specialized SBU of WITS Interactive in 2005, Black Pepper designs and executes exhibition stalls, retail merchandising units and events; right from concept to execution. With more than a 1000+ exhibition booths designed and executed for exhibitions and events across 40 countries, Black Pepper has served brands across a wide gamut of industries including, Pharmaceuticals & Chemicals, Automation & Machinery, Power & Energy, Real Estate, FMCG and many more, to deliver innovative exhibition design solutions.
